

Supply Source Options

S²O

A Formula for Success

04/07/2025

URGENT AND IMMEDIATE UPDATE

Good Afternoon:

The reality of the tariffs is taking hold. Supply Source Options, LLC is working through the current tariff increases. S2O is working hard to mitigate and share in as much of the cost increase as possible; however, some increased costs must be passed on.

Below are the expected rates the US government is implementing based on current known information.

COO	Sec 301 2018	Feb/Mar 2025 Fentanayl	April Reciprocal	Sect. 232 Steel / Alum	Venezuela Oil
China	7.5% / 25%	20%	34%	25%	25%
Korea			36%	25%	
Taiwan			32%	25%	
Canada		25% Non USMCA Compliant		25%	
Europe			20%	25%	
Mexico		25% Non USMCA Compliant		25%	
Vietnam			46%		
UK			10%		

Unfortunately, as of today, there will be **immediate** price increases for you, the customer/end-user. You will see invoices immediately updated as of April 9th, 2025.

Once tariffs are removed, your price will **immediately** go down.

Additional pricing communications will follow for affected parts and components.

Sincerely,

Michael Miller
President
